## PARTS & ACCESSORIES AVAILABLE

PARTS	DESCRIPTION
1	2 in 1 battery mosquito killer Lamp (1 piece)
2	a brush (for cleaning use)
3	a user manual

## HOW THE BATTERY MOSQUITO KILLER TORCH WORKS

The Battery Mosquito Killer Torch is with both function of lighting and mosquito killing. Our design optimizes the lamp structure to ensure that the light distribution curve of the LED is comparable to that of a filament bulb.

The lamp offers efficient LED technology combined with the styling of the classic filament bulb.

The purple light with special wavelength to attract insects to the high voltage grid leading to the death of the insect by electric shock 1000V. The insect bodies will fall down through the inner space of the lamp and the dead insects can be brushed away.
